To the Concerned

It is my great pleasure to personally recommend Joyce Njeri to join your organaization. Joyce was a treasured member of our department for 3 months as an intern and was loved by all team members and other employees alike.

As the group activation manager of Cellulant Group, I can assure you that Joyce was an outstanding intern who will quickly become an integral member of your organaization.

When we hired Joyce as an intern, her extensive knowledge in excel reporting were immediately apparent. Combined with her creativity in problem solving and proactivity she seamlessly integrated herself into all her assigned revenue tracks in Zimbabwe, Malawi & Zambia while situated in the Kenya office and effortlessly engaged with all the departments.

I have no reservations giving Joyce Njeri my highest recommendation. I am confident she will become an invaluable addition to your institution.

Sincerely,
Hope Waudi
